International Facility Management Association  
SACRAMENTO VALLEY CHAPTER

2008 Chapter of The Year - 2009 Website of The Year

## Are you interested in furthering your education and career? Earn an IFMA Credential!

An IFMA Credential is a great way to develop yourself professionally. There are two levels of credentials: Facilities Management Professional (FMP) and Certified Facilities Manager (CFM).

IFMA's Facility Management Professional (FMP) designation is a knowledge-based credential demonstrating a proven comprehension of the basics of facility management. A springboard for obtaining certification, the FMP designation will help to accelerate an FM's transition into the profession".

The most respected global credential in facility management.

The Certified Facility Manager (CFM) credential sets the industry standard for ensuring the knowledge and abilities of practicing facility managers". - IFMA website

### CFM Study Group sponsored by IFMA Sacramento Chapter:

Join a group of other facilities professionals to discuss and study all competencies of the CFM Exam. Study Groups are encouraged to work together as a team to share experiences and knowledge with the ultimate goal of becoming a Certified Facilities Manager. Meeting dates and times are subject to the group, and it is completely free!
