Speaker:

Back by popular demand!

Brian A. Sehnert, AIA, LEED AP

Senior Consultant with Green Building Services

Brian Sehnert – Bio

A registered Architect and LEED Accredited Professional, Brian is recognized as an expert in the area of green building and sustainable design and construction and is personally dedicated to making high-performance and renewable-energy systems more prevalent in commercial construction projects. His lectures have helped to educate building owners and industry professionals on environmental and passive design, photovoltaics and other advanced technologies.

Brian's commitment to sustainability extends beyond his daily professional career: he serves as the Chair of the City of Sacramento's Design Commission, is the Chair of the AIA Central Valley Chapter Committee on the Environment, and is a founding member of the Northern California Chapter U.S. Green Building Council.

Brian was the LEED Accredited Professional for the LEED EB Platinum certification of the SMUD Customer Service Center, and he is currently working on several EBOM projects.
