Eric Salci's Bio:

A certified licensed electrician and general contractor (B & C-10), Eric has over 23 years electrical and business experience, with the last 14 years, owning and operating ES Electrical & Solar Construction. Eric's experience and persistent drive has redesigned ES Electrical & Solar Inc's business plan and transitioned into the Solar PV industry. Because of this, the company has grown over the past 3 years despite these tough economical times and now specializes in renewable Energy with a main focus in solar PV.

ES Electrical & Solar Inc is in a position to become a major contributor in the solar industry. Eric is passionate about the opportunities incorporated in the solar industry. ES Electrical & Solar Inc. provides a comprehensive solar electrical service that helps educate businesses and home owners on how to properly invest into the future through a solar PV system.

Parking is on Annadale Lane
